Feedback and Common Errors

READ ME FIRST!

Aether is a unique project that lets you choose what kinds of tasks excite you the most. This section contains guidelines for every task type you may encounter. **You do not need to read every linked document to begin tasking on Aether**. Once you are fully onboarded, simply select your chosen task type from the list below.

Date	Projects	Overview
11-05-26	260209-omni-tts-elo	Unjustified response preference, added transcript content overlooked, contradictory overall preference rating, incorrect dominant factor selected
	Video Editing RL	**vs-1787762976-video-edit-source-collection-5clip-best-take** Overboard keep criteria
	vs-1790024772-av-ud-actor-action-round2	Failure to transition to 'not observable', inaccurate broad captions, incorrect bounding box placement

Date	Projects	Overview
10-28-26	Live S2S Elo	Every selection needs evidence, justify every dimension, support AQ selections, justify error clusters
	Video Editing RL	Recording guidelines, standars formatting rules, compatibility & frames, critical separator rules
	260209-omni-tts-elo	Misaplied audio evaluation criteria, flawless text-to-speech evaluation

Date	Projects	Overview
10-26-26	Video Editing RL	**vs-1790359338-video-edit-5clip-best-take-v2** **vs-1791319382-video-edit-5clip-best-take-provided** Source clip duration, final video length, hook requirements
	vs-1790024772-av-ud-actor-action-round2	The spatial context is omitted from the captions, sequential multi-actor interaction under-segmentation, studio panel under-segmentation
	vs-1786395072-av-ud-actor-action	Actors incorrectly marked as absent, invalid empty cast list, omission of valid timelines, incoherent caption

Date	Projects	Overview
10-23-26	Multimodal Agent Arena & Visual Coding	PII handling guidance
	Video RL projects	**vs-1786602334-spatial-state-change-video-v4** Incorrect answer, incomplete evidence explanation, incorrect outcome state, confusing reference frame wording, excessively long annotation fields, flawless spatial state change/physical outcome **vs-1788743902-260906-temporal-ordering-longform-audio-v1** Inaccurate verifier marking, unshuffled event list, ungrounded distractors, innacurate event description, non-english video used, narrow event distribution, evidence timestamp misalignment, clittered evidence field

Date	Projects	Overview
10-22-26	Video Editing RL Projects	**vs-1787762976-video-edit-source-collection-5clip-best-take** Edited source footage, duplicate source submission, repeated source clips, insufficient footage duration, best take not identified, incorrect category label, unrelated source footage, non-exhaustive drop coverage, unclear best-take action, missing repeating segment timestamps

Date	Projects	Overview
10-19-26	260308-omni-r2i-elo	Exceptional example
	Video Editing RL projects	**vs-1787013461-video-edit-best-take-selection** Inaccurate on-screen description **vs-1790359338-video-edit-5clip-best-take-v2** Invalid target length, invalid or unclear retakes section
	Video RL projects	**vs-1788743890-260906-temporal-ordering-longform-video-v1** Repeated events, ambiguous ordinal events, unsupported event evidence, imprecise event wording, weak hard distractor specificity, timestamp inaccuracy

Date	Projects	Overview
10-05-26	vs-1790719730-260929-visually-grounded-numerical-calc-v2	Incorrect verifier evaluation, single-frame solvable calculation, unsupported operand

		interpretation, incorrect answer from wrong operation, inconsistent distractors
	260126-text-to-image-compare	Rating-rationale contradiction
	vs-1786395072-av-ud-actor-action	Severe under-segmentation
	vs-1787013461-video-edit-best-take-selection	Incorrect video category
	vs-1788743902-260906-temporal-ordering-longform-audio-v1	Flawless temporal ordering

Date	Projects	Overview
10-02-26	vs-1790719730-260929-visually-grounded-numerical-calc-v2	Avoid single-number calculations, avoid single-frame questions
	260126-text-to-image-compare	Composition and lighting balance, core accuracy failure, overlooked logic error
	260308-omni-r2i-elo	Instruction following overlooked, overlooking AI artifacts, overlooking instruction following failures
	vs-1786602334-spatial-state-change-video-v4	Inconsistent fields, vague hard distractor, ambiguous event target
	vs-1790359338-video-edit-5clip-best-take-v2	Auto-fail 1: edited vs raw footage, auto-fail 2: wrong category selection, auto-fail 3: wrong framing & camera orientation, auto-fail 4: reused & duplicate source footage, inactive footage padding, incorrect video category, edited source footage, duplicate source submission, repeated source clips

Date	Projects	Overview
9-30-26	vs-1790359338-video-edit-5clip-best-take-v2	How long should the finished video be?, should the finished video have text or overlays?
	260126-text-to-image-compare	Target pacing goal, built-in chronometer/timer

Date	Projects	Overview
9-26-26	Video Editing RL	**vs-1787762976-video-edit-source-collection-5clip-best-take** Clip length requirement, keeps and drops
	Eval projects: Voice recording	Voice recording guidelines
	vs-1790116172-260922-rubrics-reverify-pilot	Rule: keep timestamp criteria
	vs-1786395072-av-ud-actor-action	Ungrounded caption content, missing required action track
	vs-260414-video-rl-annotation	**vs-1788743902-260906-temporal-ordering-longform-audio-v1** Incorrect unusable labeling **vs-1786602334-spatial-state-change-video**

		-v4 Invalid spatial change question, interrupted motion sequence, misaligned object counting question
	260126-text-to-image-compare	Misjudgement, spatial and topological misplacement, data obscuration and UI collision, visual-textural graphic discrepancy, composition and depth oversight, unrealistic AI-details
	260308-omni-r2i-elo	Overlooked physical logic, reference attribute preservation failure, identity preservation error, wavy texture artifacts, differences in the color palette/lightning
	vs-1781035041-260608-multimodal-agent-arena	Instruction following overlook, low effort ratings/letter spamming

Date	Projects	Overview
9-21-26	Video Editing RL	Best take requirements, UI verification step
	vs-260414-video-rl-annotation	**vs-1788743902-260906-temporal-ordering-longform-video-v1** **vs-1788743902-260906-temporal-ordering-longform-audio-v1** Recent error identified, recommendations
	260310-live-s2s-elo	High-priority guidelines update: error clusters & calibration, the new error clusters UI, the error categorization matrix, model discriminative errors in action

Date	Projects	Overview
9-17-26	Aether Eval Projects	Average handling time, recommendations
	vs-260414-video-rl-annotation	**vs-1788743902-260906-temporal-ordering-longform-video-v1** **vs-1788743902-260906-temporal-ordering-longform-audio-v1** Skips are no longer expected
	260310-live-s2s-elo	Scripted (autofail), prepared & reactive (goal), freestyling (coherence flag)

Date	Projects	Overview
9-15-26	vs-260414-video-rl-annotation	**vs-1786596789-sparse-long-video-retrieval-audio-v3** Non-visual answer **vs-1788743902-260906-temporal-ordering-longform-audio-v1** Incorrect unusable labeling
	260310-live-s2s-elo	Error cluster misses, adversarial/scripted, scenario adherence, scenario coherence

Date	Projects	Overview
9-14-26	vs-260414-video-rl-annotation	**vs-1787013461-video-edit-best-take-selection** **vs-1787762976-video-edit-source-collection-5clip-best-take** Standard formatting rules, required syntax **vs-1786596789-sparse-long-video-retrieval-video-v3** Incorrect verification labeling, invalid distractor format, incomplete evidence rationale **vs-1786596789-temporal-ordering-how-to-video-v2** Invalid event type

Date	Projects	Overview
9-12-26	260310-live-s2s-elo	Don't let a derailed conversation stay derailed, don't confuse a maintained refusal with a failure, mark Task Success based on what should have happened, rate Audio Quality on what's actually there, back up every claim with the turn and timestamp
	vs-260414-video-rl-annotation	**vs-1787013461-video-edit-best-take-selection** Standard formatting rules, application examples & exceptions, misaligned best takes, minor edit issues, incomplete prompt execution **vs-1786596789-sparse-long-video-retrieval-video-v3** Pure text reading and text/subtitle shortcuts, minor anchor phrase issue **vs-1786602334-spatial-state-change-video-v4** AI verification outcome error, insufficient question challenge, ambiguous reference anchor, imprecise answer wording **vs-1786596789-temporal-ordering-how-to-video-v2** Ambiguous or poorly defined observable events, vague event description, AI verification misrating, unverifiable time stamped events, weak hard distractor explanation **vs-1786596789-temporal-ordering-how-to-audio-v2** Imprecise timestamp boundaries, incorrect AI verification assessment, failure to pass the submit gate, non-randomized event order, insufficient audio grounding

Date	Projects	Overview
9-10-26	Aether Eval Projects	Current justification quality, weak justification example, the core issue, visual artifact

		example
	vs-260414-video-rl-annotation	**vs-1787013461-video-edit-best-take-selection** Weak selection drop criteria, repetitive "feedback spam", prohibited edit request in prompt

Date	Projects	Overview
9-09-26	260310-live-s2s-elo	Scenario adherence - failure
	260317-omni-t2v-elo	Thumbnail & preview, lip syncing accuracy

Date	Projects	Overview
9-08-26	260310-live-s2s-elo	Turn & timestamp, error justification, timeline update
	vs-260414-video-rl-annotation	**vs-1787013461-video-edit-best-take-selection** Vague repeating segment description, best take not clearly defined

Date	Projects	Overview
9-07-26	vs-260414-video-rl-annotation	**vs-1787013461-video-edit-best-take-selection** Insufficient total footage, duplicate source clips, keep and drop overlapping timestamps, unverifiable timestamped description, subjective keep/drop criteria, missing requirements in keep criteria, incomplete drop coverage, flawless source best-take video-editing submission

Date	Projects	Overview
9-05-26	vs-1783451021-maiv2p0-i18n-audio-transcription-v1-scale	Audibility requirement, side speech definition
	vs-260414-video-rl-annotation	**vs-1786596789-temporal-ordering-how-to-audio-v2** Insufficient event spanning, sequence-giving question, insufficient audio grounding, incorrect AI verification evaluation **vs-1786596789-sparse-long-video-retrieval-video-v3** Long evidence window **vs-1786596789-sparse-long-video-retrieval-audio-v3** Insufficiently specific answer **vs-1786602334-spatial-state-change-video-v4** Minor timestamp boundary mismatch **vs-1786554669-video-edit-source-collection-4clip**

		Should/shouldn't lists, incoherent timestamps, not exhaustive lists

Date	Projects	Overview
9-02-26	Eval Projects: Slight vs. Strong Preference	What to consider, strong A/B, slightly, tie
	260310-live-s2s-elo	Scenario adherence, scenario coherence, adversarial/scripted, rating dimension quality, error cluster misses

Date	Projects	Overview
9-01-26	vs-1787876824-apparel-vlog-segment-select-internal	Visible face, non-English audio
	260310-live-s2s-elo	Audio quality selection guidance, new stitched-audio/timeline UI, voice skin & persona, recent unflagged LLMism

Date	Projects	Overview
8-31-26	vs-1784847574-av-ud-entity-registry	Participation gate consistency
	Video Editing RL	Narrative & strategy, identify a hook, focus on purpose
	260317-omni-t2v-elo	Mispronounced words
	260310-live-s2s-elo	Scripted behaviour

Date	Projects	Overview
8-28-26	260310-live-s2s-elo	Endpointing/conversational dynamics, the golden hierarchy
	vs-1787178946-260819-infographics-critique-base	Special focus on this areas when completing task types

Date	Projects	Overview
8-27-26	vs-1786064398-fact-verification-stem	LaTeX formatting
	Video Editing RL Projects	Recent common errors
	Video RL Projects	**vs-1786602334-spatial-state-change-video-v4** Minor timestamp boundary mismatch **vs-1786596789-sparse-long-video-retrieval-audio-v3** Update, misaligned non-audio-anchored question, insufficient question challenge, AI-difficulty evaluation error, timestamp offset **vs-1786596789-sparse-long-video-retrieval-video-v3**

		Binary question, no competing segment, minor question difficulty issues

Date	Projects	Overview
8-26-26	Video Editing RL Projects	Scope & context, sourcing videos clarification
	Video RL Projects	**vs-1786596789-temporal-ordering-how-to-audio-v2** Event not visible on screen, answer events are vague **vs-1786596789-temporal-ordering-how-to-video-v2** Ungrounded events, ambiguous or poorly defined observable events, repetitive or invalid hard distractors, implicit chronological clues in event wording, temporal/ordinal naming of single objects, incomplete evidence and weak distractors, good evidence and good hard distractors, incorrect event identification, misaligned timestamps, concentrated event spacing, vague evidence descriptions, flawless submission **vs-1786596789-sparse-long-video-retrieval-video-v3** Counting, not one-fact sparse retrieval,ambiguous event references, poor anchoring question, answer ambiguity & modality conflict, subjective actions and audio-dependent anchors, misaligned evidence anchor, confusing question wording, unsupported visual question, minor timestamp boundary mismatch, flawless submission
	260310-live-s2s-elo	Quality issues: scenario adherence, error clusters, audio quality, error clusters tags
	260317-omni-t2v-elo	Missing requested art styles in evaluation

Date	Projects	Overview
8-21-26	vs-1787013461-video-edit-best-take-selection	Objective, workflow, do's, don'ts
	Video Editing RL Projects	Scope & context, sourcing videos clarification
	Video Caption Projects	**vs-1781285808-260612-esi-caption-labeling** **vs-1783382541-robotics-esi-caption-rework** What to do when the hands are moving without objects? Is this an action or idle?
	Image Critique Projects	**vs-1781118206-260610-annot-critic-full** **vs-1780686291-260605-critique-rework** Image critique approach, evaluating plausibility & realism **vs-1787178946-260819-infographics-critique-base** Your mission, 5 common kinds of tells, rules &

		best practices

Date	Projects	Overview
8-18-26	vs-1784847574-av-ud-entity-registry	Inconsistent application of the "meaningful-participation" criterion, merges and over-splitting in identity registration, unstable or insufficiently distinct display names, inconsistent application of the passive-object gate
	vs-1786554669-video-edit-source-collection-4clip	Video sources, recommendations, clip topics & guidelines
	260310-live-s2s-elo	Audio quality tagging, task success guidance, scenario adherence, error clusters

Date	Projects	Overview
8-17-26	vs-1785879592-video-edit-prompt-writing-agentic	Gibberish speech, subjective judgement over edit request, non-raw source videos used as task inputs, ungrounded evaluation rationale (missing reference or timestamps), vague and non-deterministic edit prompts
	vs-260414-video-rl-annotation	Skip foreign languages **vs-1786596789-temporal-ordering-how-to-audio-v2** Goal, quick rules, what to avoid, examples **vs-1786596789-temporal-ordering-how-to-video-v2** Goal, quick rules, what to avoid, examples **vs-1786602334-spatial-state-change-video-v4** Goal, quick rules, what to avoid, examples **vs-1786596789-sparse-long-video-retrieval-audio-v3** Goal, quick rules, what to avoid, examples **vs-1786596789-sparse-long-video-retrieval-video-v3** Goal, quick rules, what to avoid, examples **vs-1785456721-audio-anchored-visual-retrieval-v4** Visual distractors quality could be improved

Date	Projects	Overview
8-14-26	260317-omni-t2v-elo	Gibberish speech, music fit
	vs-1784307533-ig-entity-tagging-videos-cleaning	Overlooking brand logos as video watermarks
	260310-live-s2s-elo	Hierarchy according to scenario

Date	Projects	Overview
8-13-26	260310-live-s2s-elo	Hierarchy according to the scenario

	vs-1784847574-av-ud-entity-registry	Update: simplification, entity identity resolution, participation gate consistency, passive-object gate misapplication
	vs-260414-video-rl-annotation	Modality checks: audio-only update **vs-1786554669-video-edit-source-collection-4clip** Overview, source clips, do/don't guide

Date	Projects	Overview
8-12-26	260310-live-s2s-elo	The golden hierarchy, scripted behaviour, multiple instances of bad ASR for both models but still favoring a model, marking audio quality "both good" despite active defects and writing a vague rationale without dimension-specific impacts
	audit	Do not switch between audit tasks
	vs-260414-video-rl-annotation	**vs-1784573087-260719-counterintuitive-physics-illusion** Unsupported question, multiple verifiable answers, insufficient detailed answers, question difficulty low, incorrect AI-difficulty check, "identify" question misalignment, misaligned evidence description

Date	Projects	Overview
8-11-26	260310-live-s2s-elo	Bug: multiple responses, scenario adherence, scenario coherence, task incorrectly passed as a success/error cluster mismatch
	vs-1780686291-260605-critique-rework	Rubric overview, use of grades 1 and 2, platform issue under active investigation, overly vague feedback, below expectatiosn example
	vs-260414-video-rl-annotation	**vs-1784573087-260719-counterintuitive-physics-illusion** Multiple answers provided, target AI difficulty met

Date	Projects	Overview
8-06-26	Aether Video Editing RL	**vs-1784921839-video-edit-source-collection-v2** **vs-1785398370-single-video-source-collection** **vs-1785475064-video-edit-prompt-writing** Minimum clip count, minimum video duration, accurate prompts, visual identification (no numbers), timestamps vs duration
	vs-1780686291-260605-critique-rework	Deterioration of work, excessive markers, redundant edits, overannotation with unnecessary point markers, unacceptable

		annotation, rework limited to previous annotations & unnecessary re-addings

Date	Projects	Overview
8-03-26	vs-1781285808-260612-esi-caption-labeling	Description requirements, timeline requirements
	260310-live-s2s-elo	Error cluster misses, scenario adherence, scripted behaviour

Date	Projects	Overview
7-31-26	vs-1780686291-260605-critique-rework	Rubric overview
	vs-260414-video-rl-annotation	**vs-1783427458-260707-nonspeech-sound-anchored-visual-retrieval** **vs-1783427298-260707-nonspeech-visual-anchored-sound-retrieval** Top priority, check for verifiers
	vs-1784307533-ig-entity-tagging-videos-cleaning	Overlooking entity mismatch details, wrong entity type
	vs-1784298282-inpaint-video-review	Good review task

Date	Projects	Overview
7-30-26	vs-1781290561-ig-video-temporal-alignment-v2	Duplicate videos, cropping quality, image sequences
	260310-live-s2s-elo	Explicitly state the severity level
	260514-grounding-hard-rollout-refinement	Boxes too tight, missing instances, wrong object selected, ambiguous prompts
	vs-1784921839-video-edit-source-collection-v2	Allowed & requirements, prohibited edits & restrictions
	vs-1780686291-260605-critique-rework	Use of grades 1 and 2, useful and actionable feedback
	vs-260414-video-rl-annotation	**vs-1784617454-260720-audio-visual-sound-source** Off-screen sound service, non-audible information requested, incorrect answer, single-modality question/sound source anchoring issue, spoken language/content is not considered a sound, good task

Date	Projects	Overview
7-28-26	260310-live-s2s-elo	Adversarial/Scripted, scenario adherence, scenario coherence

Date	Projects	Overview

7-27-26	vs-1781035041-260608-multimodal-agent-arena	Key expectations, two recurring patterns
	vs-260414-video-rl-annotation	**vs-1784266247-audio-anchored-visual-retrieval-v3-multiqa** Critical workflow clarifications
	vs-1781290561-ig-video-temporal-alignment-v2	Poor cropping, watermarks are present, prohibited layout, static frames, lip-syncing

Date	Projects	Overview
7-24-26	260317-omni-t2v-elo	Biased preferences/letter spamming, tie spamming, overlooking video bluriness and grain, weak justification, inconsistent rationale/contradictory justification, leaving a comment, high quality comment example
	vs-1782759751-create-ig-video-conversations-bts-v2	Important reminder
	vs-1781290561-ig-video-temporal-alignment-v2	Important reminder, sumbitting the same video twice, unrelated BTS video, submitting a different point of view of the same scene, submitting BTS footage that does not clearly show how the final scene was created, failure to maintaing event continuity, exceptional example
	vs-260414-video-rl-annotation • vs-1783427458-260707-nonspeech-sound-anchored-visual-retrieval • vs-1783427298-260707-nonspeech-visual-anchored-sound-retrieval	Answers must include precise timestamps
	vs-1784307533-ig-entity-tagging-videos-cleaning	Goal, objectives, key focus
	vs-1784298282-inpaint-video-review	Goal, objectives

Date	Projects	Overview
7-20-26	260310-live-s2s-elo	Scenario adherence, scenario coherence, adversarial/scripted, rating dimension quality, rating justification quality, missed objective error ID, how to write a rationale that actually helps
	vs-1781118206-260610-annot-critic-full vs-1780686291-260605-critique-rework	High severity, mid severity, low severity
	vs-1782281121-egocentric-goal-critical-step-reasoning-av-v2	Missing multimodality requirement, incorrect model output grading
	vs-260414-video-rl-annotation	**vs-1783427458-260707-nonspeech-sound-anchored-visual-retrieval** **vs-1783427298-260707-nonspeech-visual-anchored-sound-retrieval** Multimodality test

		vs-1783460176-260707-video-tutorial-following-v1 Prompts are not verifiable or rely too heavily in common sense **vs-1782281121-egocentric-goal-critical-step-reasoning-av-v2** Ambiguous visual cue, visual and spoken cue misalignment, flawless submission
	vs-1781290561-ig-video-temporal-alignment-v2	Audio segment misalignment

Date	Projects	Overview
7-16-26	vs-1781290561-ig-video-temporal-alignment-v2	Excessively verbose prompt and AI usage, valid pair examples, invalid input video for audio recreation, flawless audio recreation video pair
	260126-text-to-image-compare	Flawless evaluation
	260209-omni-elo	Overlooked content preservation, tie spamming, critical instruction following failure
	260308-omni-r2i-elo	Ignoring reference fidelity via "The Spamming", prioritizing instruction following over reference integrity (environmental alteration), exceptional instruction following & constraint analysis

Date	Projects	Overview
7-13-26	vs-1782759752-create-ig-video-conversations-audio-v2	Project update: transition to audio recreation, workflow process
	vs-1781290561-ig-video-temporal-alignment-v2	AI usage in prompts, video output misalignment
	260310-live-s2s-elo	Quality alert, scenario adherence, coherence & natural flow, identifying objective errors, perfecting your rationale, case studies
	260317-omni-t2v-elo	The golden rule for broken assets

Date	Projects	Overview
7-09-26	vs-1781290561-ig-video-temporal-alignment-v2	Exact same video in both clips, different links but same clips
	260310-live-s2s-elo	Workflow change: hidden transcripts & note-taking, error tags (audio examples), audio quality defects & reference examples, prewritten script responses (adversarial user autofail), repetitive questioning, naturalness issue
	vs-1780686291-260605-critique-rework	Evaluating critiques: to fix or not to fix, spotting missed issues & physical plausibility

Date	Projects	Overview
7-07-26	260310-live-s2s-elo	Mastering scenatio adherence, ensuring scenario coherence, writing bulletproof rationales & justifications
	vs-1780686291-260605-critique-rework	When to use the "Skip" feature, audit process update: justifications & final product, evaluating scenario realism & hidden physics, missing annotation validation, overlooked prompt following issue
	vs-260414-video-rl-annotation	**vs-1781848912-sparse-long-video-retrieval-queue** Task mixup, evidence and task difficulty misalignment, incorrect earliest answerable timestamp, question hints the answer **vs-1781849131-short-spatial-state-change-physical-outcome-queue** Improper use of timestamps & untimely questions, ambiguous physics & multiple correct answers, asking for explanations instead of outcomes, unverifiable/ambiguous physical outcome
	vs-1781118206-260610-annot-critic-full	Unclear or innacurate issue descriptions, incorrect point marker placement, inappropiate overall feedback, overlooked prompt following issue, missed AI tells
	vs-1781652566-audio-desc-labeling-v2	Incorrect delivery tags and miscalibrated scoring, random clicks and minimal effort
	vs-1778200844-260507-create-ig-video-conversations	A good pair of videos
	vs-1781556529-asr-long-transcript-training-en	Invalid audible flag
	vs-1781290561-ig-video-temporal-alignment-v2	Prompt AI-generated & referencing the full video, not valid recreation video, usage of AI-generated videos, horizontal videos, invalid connection between videos, exceptional examples
	vs-1780526547-speech-aesthetics-annotations	Unexplained "Other" skip

Date	Projects	Overview
7-03-26	vs-1780526547-speech-aesthetics-annotations	Scores are randomly selected or identical, spontaneity
	vs-1781291860-create-ig-video-conversations-v2	Missing or illogical transformation prompt, invalid video pair, acceptable example
	vs-260414-video-rl-annotation	**vs-1781840300-exact-temporal-order-consequence-long-video-queue** Incorrect event sequencing

Date	Projects	Overview

7-02-26	260310-live-s2s-elo	Scenario coherence failure, scenario coherence and rating justification quality failures
	vs-1780686291-260605-critique-rework	Verify every detail

Date	Projects	Overview
7-01-26	260310-live-s2s-elo	Minimum of four turns
	vs-1781118206-260610-annot-critic-full	Unsupported issue annotation
	260508-cross-scene-action-segmentation	Invalid action annotation on still images
	vs-1781290561-ig-video-temporal-alignment-v2	Watermark in video clip
	vs-260414-video-rl-annotation	**vs-1781541583-paralinguistic-qa** Missing paralinguistic focus
	vs-1781035041-260608-multimodal-agent-arena	Incorrect rubric evaluation / Overused tie

Date	Projects	Overview
6-30-26	vs-260414-video-rl-annotation	**vs-260608-action-anticipation-prediction-qa** Single modality, verification rules, timestamp misalignment **vs-1781848912-sparse-long-video-retrieval-queue** Task mixup, unverifiable & visual ambiguity **vs-1782075699-tracked-av-counting-queue** Lazy grading & incorrect evaluation, incorrect ground truth counts, incorrectly using anchors
	vs-1780686291-260605-critique-rework	Penalizing non-visual & irrelevant details

Date	Projects	Overview
6-29-26	vs-1781285808-260612-esi-caption-labeling	Vague descriptions, no mention of the hand or gripper, levels
	vs-1780686291-260605-critique-rework	Focus on meaningful observations, evaluate the image as a whole, subjective judgement over prompt adherence, accuracy failure, missing major issues, coverage grading issues, missing AI-generated descriptions
	vs-260310-live-s2s-elo	Rating justification quality, rating dimension quality, scenario adherence, missed objective error identification, scenario adherence & coherence failures, adversarial user/scripted behavior

Date	Projects	Overview
6-25-26	vs-260414-video-rl-annotation	**vs-1781848912-sparse-long-video-retrieval-queue** Counting-based retrieval, missing or weak anchor event, ambiguity & multi-matches, missing spatial cues **vs-1781849185-ocr-extraction-frame-following-dynamic-text-queue** Timestamp anchors, anchor & answer are not unique, exact match failure & weak OCR selection **vs-1780944550-260608-audio-visual-sound-source** Non sound-source questions, incorrect AI verifications, missing audio-visual requirement
	260317-omni-t2v-elo	Voice & speaker inconsistency, audio clarity and syncronization issues

Date	Projects	Overview
6-24-26	260310-live-s2s-elo	Rating justification quality, rating dimension quality, scenario adherence, missed objective error identification
	vs-260414-video-rl-annotation	**vs-1781541583-paralinguistic-qa** Rushed task completion, missing short-duration paralinguistic events, tone & emotion misclassification, imprecise capture of paralinguistic cues **vs-1781840300-exact-temporal-order-consequence-long-video-queue** Ambiguity & multiple orders, descriptive vagueness, timestamp violations **vs-1781848912-sparse-long-video-retrieval-queue** Counting-based retrieval, missing or weak anchor event, ambiguity & multi-matches, missing to incorporate spatial cues **vs-1781849185-ocr-extraction-frame-following-dynamic-text-queue** Timestamp anchors, anchor & answer are not unique, exact match failure & weak OCR selection **vs-1780944550-260608-audio-visual-sound-source** Non sound-source questions, incorrect AI verifications, missing audio-visual requirement
	vs-1780686291-260605-critique-rework	Missing point markers and insufficient feedback, poor AI artifact review, missing detailed AI artifacts and vague annotations

Date	Projects	Overview
6-23-26	260310-live-s2s-elo	Rating justification quality, rating dimension quality, scenario adherence & adversarial behavior, missed objective errors
	vs-1781652566-audio-desc-labeling-v2	Unjustified rejection of a valid audio clip

Date	Projects	Overview
6-22-26	260317-omni-t2v-elo	Avoid generic comments, hard rules for justifications
	vs-1781291860-create-ig-video-conversations-v2	Misunderstanding the task, giving editing instructions, single-category alignment
	vs-1781652566-audio-desc-labeling-v2	Spontaneity, Energy/Intensity (key update), Naturalness, accurate labeling and scoring

Date	Projects	Overview
6-19-26	260317-omni-t2v-elo	The "3-pass method", no default ties, 6 evaluation dimensions, audio quality & sync, motion & temporal quality, frame visual quality, failure to identify audio-visual sync issues, ignoring background sound during evaluation, abrupt cuts & spatial discontinuity, sharpness
	vs-1780686291-260605-critique-rework	Prioritize accurate ratings first, be mindful of your time, review the entire image, fix the task thoroughly, explain annotation removals, aim for a comprehensive final submission

Date	Projects	Overview
6-18-26	260310-live-s2s-elo	Project North Star & ranking approach, evaluating adaptability & trade-offs, evaluator "checklist" for error clusters
	260317-omni-t2v-elo	Weak justification, not considering rendering sharpness, unusual cuts & spatial shifts, overlooking background music balance, unclear or low sound levels, unnatural sound generation, mispronounced or hallucinated words, jumbled words & garbled text
	vs-1781291860-create-ig-video-conversations-v2	Current focus: recreation/imitation, valid vs invalid pairs, time & technical requirements
	vs-1781541583-paralinguistic-qa	Mastering how it's said, crafting the perfect paralinguistic question
	260508-cross-scene-action-segmentation	Scene detection (time jumps & edits), camera movement (mislabeling & bundling), action segmentation (summaries vs atomic actions)

Date	Projects	Overview

6-17-26	vs-1780686291-260605-critique-rework	Prioritize accurate ratings first, be mindful of your time, fix the task thoroughly
	vs-1780526547-speech-aesthetics-annotations	The core goal, step-by-step, good vs bad examples, do's and don'ts, vital information & rules
	260310-live-s2s-elo	Writing rationales that actually help, rationale self-check & examples, what good looks live vs what we keep seeing, overreliance on pre-written scripts leading to scenario adherence failures, inconsistent approach across models

Date	Projects	Overview
6-16-26	260126-text-to-image-compare	Glossary of dimensions
	260310-live-s2s-elo	Over-reliance on pre-written scripts
	260317-omni-t2v-elo	Indecisive defaulting & "tie spamming", biased preferences (ignoring alignment), missing unnatural motion (MTQ), overlooking AI artifacts (Less AI Generated), audio-visual sync & quality failures, instruction following overlooks, missing lighting evaluation (VQ), closer look to break ties

Date	Projects	Overview
6-15-26	I2I Pixel Aligned Projects	AI Slop dimension
	260317-omni-t2v-elo	Indecisive defaulting & tie spamming, biased preferences (ignoring alignment)

Date	Projects	Overview
6-12-26	260310-live-s2s-elo	Scenario non-adherence, prompt task adherence, unequal model engagement, missing rationale
	260317-omni-t2v-elo	Low-effort ratings, failure to identify audio-visual sync issues, instructions following rating error
	vs-260414-video-rl-annotation	**vs-260414-audio-visual-sound-source-identification** Audio and visual evidence requirement, missing timestamp anchors, missing sound source identification **vs-1778528582-temporal-ordering-how-to added** Failing to integrate audio into questions, factually incorrect events/assumptions
	260508-cross-scene-action-segmentation	Incorrect scene cut vs camera movement, missing action segments and frame alignment

Date	Projects	Overview
6-09-26	hi-prio-i2i projects	Core goal, workflow steps, key checkpoints for success
	vs-1777068453-hq-sft-t2i-caption	Submitting screenshots, watermarks & trademarks, incomplete infographic data, ignoring positions & shot proportions, missing shot details, overlooking environment & lighting
	vs-1780913817-i2i-pixel-aligned-filter-flux2-comparison	Missing or incorrect instruction
	260317-omni-t2v-elo	Overlooking text artifacts & audio quality, indecisive defaulting & invalid N/A, missing unnatural movement in the background

Date	Projects	Overview
6-08-26	vs-1779849008-ig-entity-ref-verification-v1	Overlooking minor packaging differences, insufficient detail verification for low-variation items, multiple entities in the target bounding box
	vs-1780686291-260605-critique-rework	Overview, step-by-step, specific details to remember, do's and don'ts
	260317-omni-t2v-elo	Quality drop-down across text-to-video (T2V), Visual Quality, AI Artifacts, Motion and Temporal Quality, Audio Quality & Sync, Instruction Following, Overall Preference
	260308-omni-r2i-elo	Quality drop-down across Reference-to-Image (R2I), Visual Quality, AI Artifacts, Instruction Following, general evaluation rules

Date	Projects	Overview
6-04-26	260317-omni-t2v-elo	Unnatural sounds and sync errors, Instruction Following score, Audio Quality and Sync scores, no audio, impossible motion, Motion & Temporal Quality score, subtle generation artifacts, AI generated features, object generation errors, key reminders
	260310-live-s2s-elo	Audit criteria, scenario adherence, scenario coherence, adversarial users, rating dimension quality

Date	Projects	Overview
6-03-26	vs-1778200844-260507-create-ig-video-conversations	BTS of the same scene, trimmed videos over 5 seconds long
	260310-live-s2s-elo	Scenario adherence rule, missed objective error identification, evaluation completeness

Date	Projects	Overview

6-02-26	vs-1778200844-260507-create-ig-video-conversations	Temporal alignment, video duration, BTS scene consistency, recreation guidelines, critical audit requirements
	vs-1779849008-ig-entity-ref-verification-v1	Same photoshoot images, same products with variations.

Date	Projects	Overview
6-01-26	260126-desktop-app-recording	Define your video's premise, core video requirements, editing constraints & tooling, submission requirements & pre-submit checklist
	vs-1777068453-hq-sft-t2i-caption	Not fully visible faces, JPEG compression, oversaturated photos, people directly looking to the camera

Date	Projects	Overview
5-28-26	vs-1778256405-video-artistic-style-reference-segmented	AI usage, lack of detail in description, misplaced marker/points, flagging not real errors, non-requested instruction following issues, incorrect issue category, incorrect reference for prompts, timestamp request, real-life footage, styles don't match, two videos with the same character
	vs-1778602303-image-generation-critic	Fabricated issues
	vs-1778200844-260507-create-ig-video-conversations	Weak prompt descriptions, missing formatting elements, input/output and category errors, poor video pairing, timing misalignment, category misalignment, "same audio" misconception, search prompts & misaligned timestamps, talking to the creator

Date	Projects	Overview
5-27-26	vs-1777068453-hq-sft-t2i-caption	Group Photos priority, look for, avoid, submitted images are not better than SOTA, AI-Generated Images
	vs-1778602303-image-generation-critic	New severity scores, system update, submission limit

Date	Projects	Overview
5-25-26	vs-1778514495-audio-visual-annotation	Annotate clips that should be skipped, distinguish among speakers, combining multiple sentences
	vs-1778602303-image-generation-critic	Insufficient issue annotation, vague prompts and low-effort annotations
	vs-1778684791-mango-camera-cut	Misidentifying camera cuts, incorrectly submitting as 'No cuts', incorrect placement or skipping critical steps

Date	Projects	Overview
5-22-26	vs-260414-video-rl-annotation	**vs-1779122449-narrative-qa-ocr-numeric** Goal, critical rule
		vs-1779122436-narrative-qa-action-motion Goal, answer rules
		vs-1779122443-narrative-qa-visual-detail Goal, answer rules

Date	Projects	Overview
5-21-26	vs-1777068453-hq-sft-t2i-caption	Blurry images, focus on the subject

Date	Projects	Overview
5-19-26	260512-video-ref-expression-qa	One mask per expression
	vs-1778016225-ig-entity-tagging-v1	Add style, AI tools, same photoshoot for reference and target, matches for reference and target objects, diverse submissions
	vs-1777616959-video-audio-caption-sound-annotation-v2 review	Sounds are not annotated,
	vs-1778528582-temporal-ordering-how-to	Absolute verifiability, unambiguous sequencing
	260227-omni-s2s-elo	Audio quality misindentification, preference contradictions, naturalness mislabeling

Date	Projects	Overview
5-16-26	vs-260414-video-rl-annotation	**vs-1778528584-temporal-ordering-sports** Insufficient/narrow cues, obvious chronology, lack of specificity, inference-dependent prompts
		vs-1778528582-temporal-ordering-how-to Incorrect video category
		vs-1777914579-counting-zero-answer Low adversarial strength/incorrect submission
		vs-1777913353-counting-temporal-event-count Inaccurate event counting/verification issues
	260417-website-generation-v2	Insufficient interactivity validation in the video, capture/completeness issues in documentation, watermarks/asset quality, visual design/layout/readability concerns, prompt adherence
	vs-1777269091-asset-extraction	Prioritize high-quality and visually interesting images

Date	Projects	Overview
5-15-26	vs-260414-video-rl-annotation	Audio dependency, foreign language videos, visual-only feedback
	vs-1777269091-asset-extraction	Individual visual element, context around the asset, background treatment, minimum export standards, annotations as part of the asset, allowed source images, multiple extractions from the same source, automatic and minor rejections

Date	Projects	Overview
5-14-26	vs-1776882924-webdev-12-interactive vs-1776882927-webdev-13-highend	10/10 limit
	260507-create-ig-video-conversations-tutorial	Guidance following clarification
	vs-1778632899-voice-steer-emo-annotations	Don’t skip playable videos, emotional context as implicit instruction

Date	Projects	Overview
5-13-26	260427-video-frame-cua-grounding	Bounding boxes for spreadsheet software
	vs-1778016225-ig-entity-tagging-v1	Entity reference match
	260507-create-ig-video-conversations-tutorial	Prompting & transformation rules

Date	Projects	Overview
5-12-26	260415-video-segmentation-review	Incorrect scene segmentation, missing or incomplete atomic actions, labeling inconsistencies and lack of detail, technical timing and camera movement errors
	vs-1777598433-video-audio-caption-music-annotation-v2-review	Missing/incorrect instruments, categorization mix-up, incorrect segmentation
	vs-1777616959-video-audio-caption-sound-annotation-v2-review	Timestamp issues, descriptions are not detailed enough, missed sounds, wrong type of audio annotated, segmentation mistakes
	vs-1778016225-ig-entity-tagging-v1	Minimum resolution requirement, tag all visible entities, issues with referenced images, missing tagging/incomplete coverage, wrong entity types, eyeglasses misclassification, bounding box/spatial accuracy issues, info, logo or brand tagging issues

Date	Projects	Overview
5-11-26	vs-260414-video-rl-annotation	Counting: Narrative-Content Counting Video length violation, static object count,

		incorrect answer count, unverifiable questions
		Temporal Reasoning: Ordering Sequencing V2 Requirements, question-answer format

Date	Projects	Overview
5-08-26	Video Audio Caption	ANN: vs-1776296383-video-audio-caption-speech-annotation-v2 & review// vs-1776317322-video-audio-caption-music-annotation-v2 & review: Timestamp formatting must always use the mm:ss format
	WebDev	ANN: Expected amount of tokens increased from 4,300 to 6,500
		vs-1776882926-webdev-l3-fullstack: 800-3,500 words 800-5,000 words
		vs-1776882927-webdev-l3-highend: 800-3,500 words 800-5,000 words
		vs-1776882924-webdev-l2-interactive: 200-600 words 200-1,500 words 1000 Tokens
		vs-1776882922-webdev-l1-static: asset section displays max of 5 assets to be uploaded (previous limit: 10)
	vs-260414-video-rl-annotation	ANN: New guidance, counts between 2 and 9 Static Event Count, AI Validation Mismatch, Inaccurate answers,
	260415-video-segmentation	Inaccurate timing and temporal boundaries, under-segmentation, inaccurate action labels, camera movements/switches not segmented
	vs-1778016225-ig-entity-tagging-v1	Adding photos from the same scene REM: One photo per item, items are an exact match, fewer references rather than incorrect ones, for *style* things should be similar

Date	Projects	Overview
5-07-26	vs-1776296383-video-audio-caption-speech-annotation-v2	Partially inaudible lyrics, timestamp formatting

4-07-26	vs-1774418028-claw-sessions	Do's & Don'ts
	vs-1774888865-multi-person-r2i	Scene Prompt not matching the Target Output image, identity not preserved, reference images improperly selected, quality issues in Reference & Output, lack of clarity in Scene Prompt, category not matching scene prompt, famous subjects selected
	vs-1770706297-high-quality-infographics	Language not English, not an infographic

Date	Projects	Overview
4-06-26	260311-inpaint-video-remove-object-2	Object not actually removed, object replaced with something else, ''close enough'' submissions
	260325-game-recording-third-person	Final recording not showing a gameplay, very poor FPS, not WASD controls, submitting just a frame instead of video, multiple unrelated windows present, 1st person cutscenes
	260325-derendering-design-website	Screen recording too short, missing major parts of the website

Date	Projects	Overview
4-03-26	vs-1774888865-multi-person-r2i	Prompts not natural or diverse, not aligning with the target output

Date	Projects	Overview
4-02-26	vs-1773621861-image-editing-conversation-v2	Making a template, strange design options, many spelling errors, changes not included in the prompt, ignoring the prompt request, technical language, placeholder text/images
	260129-challenging-ref-exp-with-mask-milo	Image not complex enough, not using the brush tool to correct imperfections
	260325-derendering-design-website	ANN: Minimum of 4 screenshots uploaded FDBK: Not clicking on ''visit site'' button (submitting *Awwwards* site), screen uncropped, un-animated recordings not skip
	vs-1770706297-high-quality-infographics	Allas and blurry text, PDT submissions, pptx slides, jagged text

Date	Projects	Overview
4-01-26	vs-1774888865-multi-person-r2i	Q&As, Temporary Task Limit, Next Steps
	vs-1770706297-high-quality-infographics	Q&As, Temporary Task Limit, Next Steps
	vs-1774881281-260330-professional-image-pair-sourcing	Do's & Don'ts
	260325-derendering-design-website	Using the provided link to the Awwwards site, which is not the actual website
	260204-derendering	Major URLs missing, ambiguous descriptions, and interactions not documented

Date	Projects	Overview
3-31-26	New Score System & Time Limit Updates	ANN: New QA Feedback presentation, 1-hour time strict limit for 260318 & vs-1773857166
	Screen Recording & Screenshot Guidelines	ANN: Make sure to protect your privacy and keep the captures clean
	vs-1773621861-image-editing-conversation-v2	Using technical jargon, placeholder text and images not replaced before starting the task, general feedback
	260318-furniture-removal-multiturn	Not drawing a mask around one piece of furniture at a time, writing an ambiguous prompt/watermarks, general feedback
	vs-1773981673-full-pixel-perfect-pattern-extraction	Masking non-patterned parts, undermasking
	260123-high-res-dense-bbox-with-labels	Choosing application screenshots with PII

Date	Projects	Overview
3-30-26	Screen Recording & Screenshot Guidelines	ANN: Make sure to protect your privacy and keep the captures clean
	260318-furniture-removal-multiturn	More than one item removed in the same turn
	vs-1773981673-full-pixel-perfect-pattern-extraction	Not leaving the object plain after extracting a pattern, no visible repeating pattern, prompts lacking detail, general feedback + exceptional examples
	vs-1771675077-avatar-sft-videos	General reminders, golden rule: If there is speech, the speaker's face should be present and visible

Date	Projects	Overview
3-27-26	vs-1773621861-image-editing-conversation-v2	Do's & Dont's, Assistant Response not following the Prompt, no changes in the first/next turn, prompt is vague
	Outlier Community New Workflow	New DHT Workflow, forms content

Date	Projects	Overview
3-26-26	General Guidelines	Do's & Don'ts for high priority projects
	260318-furniture-removal-multiturn	New Exceptional Examples
	vs-1773621861-image-editing-conversation-v2	Do's & Don'ts, ambiguity
	vs-1773859868-251107-image-edit-region-v2	Do's & Don'ts, watermarked images
	vs-1773857166-pixel-perfect-pattern-extraction	Do's & Don'ts, hallucinations in generation
	vs-1771675077-avatar-sft-videos	Editing shortcuts, low technical quality videos, videos lose value if the creator fails to provide meaningful content or interaction, or if they don't appear on camera, general feedback
	Outlier Community New Workflow	New DHT Workflow, forms content

Date	Projects	Overview
3-25-26	Project Announcements	Available projects for everyone
	260318-furniture-removal-multiturn	UPDATE: Minimum of 4 items removed Objects around erroneously morphed, less than 4 objects removed
	vs-1773621861-image-editing-conversation-v2	Model didn't follow the user's request, ambiguity in instructions, inaccurate match
	vs-1773859868-251107-image-edit-region-v2	UPDATE: Do not ask for anything that is not in the ''original'' image, pay close attention to the prompts as anything stated must happen
	vs-1773857166-pixel-perfect-pattern-extraction	UPDATE: Detailed edges for masking, attention to the image selected

Date	Projects	Overview
3-24-26	260318-furniture-removal-multiturn	Not masking one item at a time, leaving artifacts behind
	vs-1773621861-image-editing-conversation-v2	Uploading screenshots, edits not improving the image, adding placeholders
	vs-1771675077-avatar-sft-videos	UPDATE: Time limit for tasks is 30min

Date	Projects	Overview
3-23-26	260318-furniture-removal-multiturn	Removal job not flawless, some items removed are not the same as the items returned
	vs-1773859868-251107-image-edit-region-v2	Misalignment between prompts and edits, unrealistic images, watermarked images
	vs-1773621861-image-editing-conversation-v2	Placeholder content, unrealistic conversations, watermarked images
	vs-1773857166-pixel-perfect-pattern-extraction	Poor masking (random holes, completely changing the Variant Image item)
	vs-1771675077-avatar-sft-videos	Video not averaging at least 3.8, using all 5s for videos that didn't meet the standards

Date	Projects	Overview
3-20-26	260318-furniture-removal-multiturn	UPDATES: Remove as many objects as possible, skip watermarks, consider the applicable definition for the project
	vs-1773859868-251107-image-edit-region-v2	UPDATES: Reverse Prompt rule, flawless execution required, no visible remnants, no ''ghost'' artifacts... *refer to document for more*
	vs-1773621861-image-editing-conversation-v2	UPDATES: No placeholders, no watermarked images, describe edits in human language, edited must be better than provided template
	vs-1773857166-pixel-perfect-pattern-extraction	UPDATES: Mask Precision needed, avoid bleeding into neighboring objects by not overlooking mask performance in questions

Date	Projects	Overview
3-19-26	260126-ud-perception-captions	Fidelity failures, description not exhaustive, describing transparent backgrounds and not only what is visible
	260108-high-res-computer-use-dense-bbox	Loose bounding boxes, skipped important components, UI elements incorrectly labeled, how to fix these issues
	260129-challenging-ref-exp-with-mask-milo	Useful Recap Information for Active Projects
	260123-high-res-dense-bbox-with-labels	
	260204-derendering	

Date	Projects	Overview
3-18-26	260129-challenging-ref-exp-with-mask-milo	Updates and Announcements (Crafting the Perfect Clues, Flawless Masking Execution, Image Selection Guidance)

		Incorrect clue phrasing format and progression

Date	Projects	Overview
3-17-26	260204-derendering	Vague descriptions of animation and website screenshots
	Important Announcements	Feedback Bank & Community Posts

Date	Projects	Overview
3-13-26	Eval projects guidelines	Useful Recap Information for Active Projects
	260129-challenging-ref-exp-with-mask-milo	
	260108-high-res-computer-use-dense-bbox	
	260107-solve-challenging-images	
	251219-audio-transcript	
	260127-rich-transcription	

Date	Projects	Overview
3-12-26	260219-perception-label-grounding	No difference between images with and without labels
	260129-challenging-ref-exp-with-mask-milo	Masked objects being incorrect for the clue, incomplete masks, not verifying small details, not marking all instances, general feedback
	260204-derendering	Screenshot misalignment, lack of description details, video quality, video cropping
	vs-1771675077-avatar-sft-videos	Q&A: Minimum Length Required

Date	Projects	Overview
3-11-26	260126-ud-perception-captions	Including speculations, causing a fidelity failure
	260107-solve-challenging-images	Making assumptions based only on visual context

	260108-high-res-computer-use-dense-bbox	Clarifications about correct box-type

Date	Projects	Overview
3-10-26	250129-ig-locations	Promotional flyers for upcoming events, images not matching the category, product-focused shots, general feedback
	260204-ig-celebrity-videos	Celebrity not isolated from extra graphics in the videos, barely visible, general feedback
	vs-1771675077-avatar-sft-videos	Time segments not labeled, several issues together, excessive shortcuts, general feedback

Date	Projects	Overview
3-9-26	ig-brands-video	Videos showing only name/logo as text overlay, brand missing from several videos, general feedback
	260210-perception-video-shot-correction	Missing segment cuts, segments not beginning on the first action change frame, general feedback
	260219-perception-label-grounding	Important instruction updates

Date	Projects	Overview
3-6-26	260116-remove-perception-labels	Not all text labels removed
	260204-derendering	Low effort submissions, source website and recorded website are different
	ig-brands	Selected account is not a brand, images not displaying name or logo, general feedback
	260108-high-res-computer-use-dense-bbox	Several grayed-out features not boxed, incorrect app name, imprecise bounding boxes, general feedback

Date	Projects	Overview
3-5-26	260128-photo-degradation	Image edited, not degraded
	251119-inpaint-video-remove-object	Prompt not in English, masked area not visible, imaginary object not visible at least 20% of the video, general feedback

Date	Projects	Overview
3-4-26	ig-brands	Photos with excessive text and cartoon images, brand logo or name not clearly visible, images of different brands, screenshot use

Date	Projects	Overview
3-3-26	260107-solve-challenging-images	Incorrect assumptions, important recommendations
	260202-salient-captions	AI-generated captions, overexplaining, overcomplicated phrasing
	260204-ig-celebrity-videos	Guidance update, not isolating videos, celebrity not alone, general feedback

Date	Projects	Overview
3-2-26	260202-salient-captions	Double-check wording before submitting
	260204-ig-celebrity-videos	Not choosing single, human entities, NSFW content, general feedback
	250129-ig-locations	Choose images that are more *identification* than *information*

Date	Projects	Overview
2-27-26	260204-ig-celebrity-videos	Selecting human individuals as celebrities, NSFW accounts, general feedback
	250129-ig-locations	Golden Rule: Category must be City/Neighborhood/Venue, exceptions
	251119-inpaint-video-remove-object	Incorrectly masking real objects, masked areas visible less than 10% of the video, general feedback

Date	Projects	Overview
2-26-26	260202-salient-captions	Overexplaining, elements incorrectly described, general feedback
	250129-ig-locations	Submitting without selected photos, missing preferred photo targets, general feedback
	260108-high-res-computer-use-dense-bbox	Non-interactive elements, Passive icons, general feedback

	260203-ig-celebrity-images	Duplicate images, non-celebrity profiles, general feedback
	251219-audio-transcript	Removing repeated words or phrases from the transcript, general feedback

Date	Projects	Overview
2-25-26	Eval projects guidelines	Prioritize Instruction following and Realism/Naturalness
	260128-photo-degradation	Image not Degraded
	260203-ig-celebrity-images	Summary of error types
	260108-high-res-computer-use-dense-bbox	Poorly drawn boxes, general feedback and Q&A
	260107-video-color-picker	Identify the colors' correspondence, duplicate colors, general feedback
	260202-salient-captions	Foreign Language, spam entries, general feedback

Date	Projects	Overview
2-24-26	260126-ud-perception-captions	Do not assume, AI-generated = Major Issues
	082025-video-quality-compare	Pause the video at certain frames and compare A-B, A-O, B-O
	Eval projects guidelines	Prioritize Instruction following and Realism/Naturalness

Date	Projects	Overview
2-23-26	260202-salient-captions	Describe what is depicted in the image, general feedback
	250129-ig-locations	General feedback, technical issues and tips
	260206-audio-segmentation-timestamp	Audio must be annotated accurately and speakers must be assigned correctly

Date	Projects	Overview
2-20-26	260203-ig-celebrity-images	Understanding of the guidelines applied
	260127-rich-transcription	Transcript must match the audio, general feedback

Date	Projects	Overview
2-19-26	251112-inpaint-video-add-object	Masking the sky is not allowed, general

		feedback

Date	Projects	Overview
2-18-26	260203-ig-celebrity-images	How to select images and accounts, general feedback
	251112-inpaint-video-add-object	Only mask one object at a time that is visible at least 20% of the video, general feedback
	260206-audio-segmentation-timestamp	Ensure all speakers are separately annotated and marked correctly
	260107-solve-challenging-images	Make sure your submissions are your own work.

Date	Projects	Overview
2-17-26	260203-ig-celebrity-images	General Feedback
	260127-rich-transcription	Tag multiple speakers, correct tagging method
	251112-inpaint-video-add-object	Do not mask people or animals
	260202-salient-captions	AI-generated captions are prohibited

Date	Projects	Overview
2-13-26	260107-solve-challenging-images	Consider every factor and how it affects perception
	251112-inpaint-video-add-object	Masked object must be present for at least 20% of the video, general feedback
	260203-ig-celebrity-images	Single-subject celebrity accounts with clear facial visibility
	260206-audio-segmentation-timestamp	Keep segments joined for same-speaker continuous sentences or pauses under 0.5s

Date	Projects	Overview
2-12-26	260108-high-res-computer-use-dense-bbox	What to do with grayed-out elements, boxes for tabs and lines of code
	260123-high-res-dense-bbox-with-labels	General feedback

	251215-furniture-removal	Large installations should not be removed
	251112-inpaint-video-add-object	General Feedback
	260107-video-color-picker	General Feedback

Date	Projects	Overview
2-10-26	251216-video-artistic-style-reference	Avoid real-life footage
	251205-ig-reels-explainer-labeling-v2	Videos marked as explainer should explain a concept or a phenomenon
	251219-audio-transcript	Replace the words with the numerical forms (1, 2, 3), listen to the audio to ensure everything was transcribed correctly

Date	Projects	Overview
2-09-26	260120-aging-profile-pictures	General feedback
	251217-video-named-entities	Only select one entity
	260116-remove-perception-labels	Visual differences and missing metadata

Date	Projects	Overview
2-06-26	Eval projects guidelines	Prioritize Instruction following and Realism/Naturalness
